Dominion of Canada

Department of Finance

ALL persons residing in Canada, employed in Canada, or carrying on business in Canada, are liable to a tax on income, as follows:—

1. Every unmarried person, or widow, or widower, without dependants as defined by the Act, who during the calendar year 1919 received or earned \$1,000 or more.
2. All other individuals who during the calendar year 1919 received or earned \$2,000 or more.
3. Every corporation and joint stock company whose profits exceeded \$2,000 during the fiscal year ended in 1919.

Forms to be used in filing returns on or before the 30th of April, 1920.

ALL INDIVIDUALS other than farmers and ranchers must use **Form T 1.**

FARMERS AND RANCHERS must use **Form T 1A.**

CORPORATIONS and joint stock companies must use **Form T 2.**

Penalty

Every person required to make a return, who fails to do so within the time limit, shall be subject to a penalty of Twenty-five per centum of the amount of the tax payable.

Any person, whether taxable, or otherwise, who fails to make a return or provide information duly required according to the provision of the Act, shall be liable on summary conviction to a penalty of \$100 for each day during which the default continues. Also any person making a false statement in any return or in any information required by the Minister, shall be liable, on summary conviction, to a penalty not exceeding \$10,000, or to six months' imprisonment or to both fine and imprisonment.

General Instructions.

Obtain Forms from the Inspectors or Assistant Inspectors of Taxation or from Postmasters.

Read carefully all instructions on Form before filling it in.

Prepay postage on letters and documents forwarded by mail to Inspectors of Taxation.

Make your returns promptly and avoid penalties.

Address **INSPECTOR OF TAXATION,**
CANARY, ALTA.

R. W. BREADNER,
Commissioner of Taxation.

Farmers!

Don't delay ordering what machinery or twine you think you may need for 1920. Give me your order now and protect yourself against a raise in price. There has been one advance already, and there may be another. All orders are subject to cancellation. The up-to-the-minute farmer is ordering his binders and twine right now. Come in and see me. I am writing up orders every day.

If You Haven't Got the Cash

Just kindly take note that the I.H.C. fully appreciates the present conditions and is ready to protect the legitimate farmer to the extent of his actual requirements.

People looking for serviceable implements cheap should keep close watch on the second hand exchange.

How does your dollar stand?

LOCALS

A meeting of the citizens is called to take place in the municipal office on Tuesday evening, the 30th., for the purpose of re-organizing the Lomond Base Ball Club and making plans for the season of 1920. The financial statement for the previous year will be presented and new officers elected.

o o o

Mr. and Mrs. Teskey entertained the Five Hundred Club on Monday evening.

o o o

The Band meeting left things pretty much as they were. W. A. Teskey, J. H. Williamson and H. E. Elves are still responsible to the citizens. H. Erskine is official scribe, L. H. Phillips is bandmaster and Mr. Mansfield is delegated to organize and teach a class out of the growing generation. All that is left now is for the boys to put on a minstrel show.

o o o

The Vulcan farmers have practically decided to hire "rainmaker" Hatfield to operate in that district this summer. This fellow comes from California and Harry Noel is down there looking up his reputation, and has already sent in quite a favorable preliminary report. We admit our skepticism, but at the same time are willing to give the man an unprejudiced hearing. His "secret" chemicals are what smell bad. All countries have patent bureaus that protect a man in his legitimate inventions and discoveries. The C. P. R. might better employ him than spend millions of dollars on their irrigation projects.

COUNCIL MEETING

The second regular meeting of the 1920 council of the Municipal District of Clifton, No. 127, was held in the municipal office on Monday, the 22nd., those present being Jos. Rodgers, Geo. Hornberger, F. Earl, I. Hobberstad and the appointee for division three, F. Hardy.

Minutes of previous meeting read and approved.

Moved by I. Hobberstad that F. Hardy be allowed to take part in this meeting, pending the approval of his appointment by the minister.

Considerable time was taken up by discussion on the spring. Last year's council appointed a committee to negotiate for the property setting a maximum of \$700 for the property and had arranged with Mr. Brownlee to draw up the papers. The present council has decided that it does not want to buy the spring unless previous negotiations have already gone far enough to be binding. Earl, representing division two, wanted to make the purchase out of his division's general appropriations, but this was not assented to.

The following accounts were approved:—Jas. Mapson \$15.00, Western Municipal News \$3.63, A. Walker \$1.25.

The investigation committee's bill for \$82.80 was authorized paid, F. Earl dissenting.

Moved by I. Hobberstad that no slips on gopher poison issued for previous

years be accepted.

Moved by I. Hobberstad that a Stacey Lumber Co. account on division two for \$31.00 be paid.

Moved by Jos. Rodgers that A. W. Tulloch be appointed assessor at a salary of \$250.00, the work to be completed by June 1st.

Moved by Jos. Rodgers that matter of road drag competition be tabled.

Moved by F. Earl that secretary try and secure an additional 6 cars of hay if same can be delivered in time for seeding. Ten cars are already under way, to be divided between Travers and Lomond.

3200 bushels of oats were on the seed list. Moved by Jos. Rodgers that the secretary secure two minimum cars or one large car of oats.

Moved by Jos. Rodgers that the regular meetings of the council be held on the second Monday in each month, omitting April and August.

Moved by F. Earl that the secretary tender owners on the Travers new road for three miles settlement at \$30.00 per acre and notify parties concerned that the property is now vested in the crown and must not be seceded. Hobberstad registered a dissenting vote.

J. C. Jensen tells us that he's bringing in all the water his well will supply and is at the same time prospecting for another flow. Further, water will revert to 75c a 40-gallon barrel at the

first of April.

o o o

The Alberta motor licenses in 1919 amounted to \$610,000. The Alberta government's 1920 highway estimates amount to but \$290,000. Wherein does the government justify itself in its license policy?

o o o

The dominion government has voted \$447,000 at the present session for the making of irrigation surveys. Nothing much is being done about the tariff.

LOCALETS

The ladies of the town are arranging to hold a tea in the municipal office on Saturday afternoon, April 3rd., commencing at three o'clock. Besides the tea at which ice cream will be served, there will be a sale of home cooking, cut flowers and potted plants. Donations of home cooking, etc., are requested. The proceeds of this affair will be applied toward the renovation of the parsonage.

CARD OF THANKS

Travers, March 23rd.
We hereby wish to express our gratitude by thanking our numerous friends from far and near, for the kindness and friendship they have shown toward us, by the numerous magnificent presents we have received also the beautiful piece of furniture presented by the people of the town of Travers and community.

Mr. and Mrs. Matt Stepan.

o o o

Jang's g-u-m machine nearly came to grief on Thursday night when the machine refused to pay on pay spot. Since then the machine has been off duty, so the production of bogus slugs can overtake the demand.

o o o

Coaldale will have a \$15,000 alfalfa mill. This is also a possibility for a district such as this, provided an irrigation system is introduced.

o o o

The fourth annual ball to be given by Lomond Lodge, No. 127, I.O.O.F., was considered a complete success from the standpoint of attendance, enjoyment

and results obtained by the committees in providing the tasty supper and perfecting the different arrangements for this annual social event. The Travers orchestra provided the music. Supper was served in the municipal office.

o o o

The numerous friends and acquaintances will sympathize with Mr. and Mrs. Andrew W. Tulloch in the death of their infant son, which occurred very suddenly and unexpectedly during Wednesday night. The remains were taken to Lethbridge the next day, the funeral being held in that city.

o o o

H. F. Burne has been in Lethbridge on business this week, Mr. Aselstine acting as butcher during his absence.

o o o

Mrs. Elves and Mrs. Hedges are on the sick list this week.

o o o

It would appear that the blizzard we experienced in Alberta a week ago Sunday was but the tail end of what happened to Manitoba, Saskatchewan and North Dakota. Quite a few lives were lost, telephone and telegraph systems were torn to pieces and in some places trains were held up for more than a week. Around Portage la Prairie the snow in places drifted as high as the houses, and we read of one train that with three engines attached that travelled nine miles in twenty-two hours.

o o o

Jack Lamond, who came down from Calgary last week to work on "our" farm, has received word that at the time of the explosion in the Liquid Air Company's plant one of the flying gas cylinders dropped through the roof at his sister's residence, landing but a couple of feet from his little niece.

DEPARTMENT OF AGRICULTURE
ALBERTA

Edmonton, March 24th., 1920.

The Lomond Press,
Lomond, Alberta.

Dear Sirs:—

Kindly publish the following for information of farmers in
your locality:

"An agent from the Department of Agriculture, Mr. J. M.
Glendenning, Enchant, is in the district looking after the distri-
bution of Seed Grain and Feed for parties needing assistance.
Persons requiring such should get in touch with him and letters
addressed to him at Enchant will be of assistance in doing so.

Yours truly,

J. D. Smith, Superintendent.

You cannot make a patriotic citizen out of a Canadian by
compelling him to pay \$250 more for a Ford car than his brother
across the line is asked to pay. He gets sore instead. Protection
endeavors to force the growth of industry against the forces of
natural law. Protection does not give the public a fair shake.
Experience has taught us that the greed of the monied interests
is the basis of high tariff promotion. Canada has enough nat-
ural resources to exploit without babying manufactures that
are actually a bill of expense to the public at large.

Every year the dominion government spends thousands up-
on thousands of dollars for the compilation of information for
the benefit of the public and for the most part the public passes
it up. The unfortunate part of it lies in the fact that this infor-
mation is really worth while stuff and the people can have it
for the asking. Look up the list of publications on another
page and see if there is anything there for you.
